

Supported Course Agreement Form

GLYC Financial Support for[COURSE TITLE]

Congratulations on your decision to pursue
..... [COURSE TITLE]. The Committee of GLYC is pleased to advise that GLYC will support you by providing reimbursement of costs on the terms set out in this letter.

GLYC will fund% of the course cost, excluding fees for books and any other miscellaneous requirements. To facilitate enrolment GLYC will promptly reimburse% of the course cost upon confirmation of your enrolment and provision of a receipt (or other evidence of payment) from the course provider.

Wherever possible it is hoped members will combine the course travel with personal travel and thus avoid seeking Club support for travel or accommodation. Where this is not possible, GLYC will reimburse members for reasonable fuel and accommodation charges to attend an agreed course.

GLYC is providing this support because we believe you are capable of passing this qualification, and applying your new knowledge to the benefit of the Club. However, should you fail the course (including failing to complete the qualification) or should you not complete the course for reasons that were within your reasonable control, you will be expected to bear the cost of the course personally.

It is normally expected that if, at the course, you learn a skill that is applicable to the Club, you will apply that skill within the Club for at least the following 2 seasons, and hopefully much longer.

Signed on behalf of the Committee
