

# Gippsland Lakes Yacht Club Inc Supported Course Agreement Form

## Gippsland Lakes Yacht Club (GLYC) Financial Support for

.....[name]  
Congratulations on your decision to pursue

.....[course title]

The GLYC Committee is pleased to advise GLYC will support you by providing reimbursement of costs on the terms set out in this form.

GLYC will fund .....% of the course cost, excluding fees for materials and any miscellaneous requirements. To expedite enrolment by yourself, GLYC will promptly reimburse .....% of the course cost upon confirmation of your registration / enrolment on the proviso a Receipt or Tax Invoice (or other evidence) is supplied from the course provider.

Wherever possible it is hoped members will combine the course travel with other or personal travel to avoid seeking club support for travel and / or accommodation. Where this is not possible GLYC will reimburse members for reasonable fuel and accommodation charges to attend the agreed course.

GLYC is providing this support because they believe you are capable of passing this qualification and applying your knowledge to the benefit of the Club, however should you fail the course (including failing to complete all components of the qualification), or should not complete the course for reasons that were within your reasonable control, you will be expected to bear the course costs personally.

It would be expected that on completion of the course, your skills / qualification applicable to any club operations would be offered to GLYC for at least a period of two seasons, and hopefully much longer.

### Signed on behalf of the Committee

..... Position.....

### Acceptance by attendee

I .....[name] accept this financial assistance under the expectations set out on the form
